

FINANCIAL ILLITERACY AMONG STUDENTS

CHAPTER 1 — INTRODUCTION

Many students struggle with managing money due to lack of financial education. Poor budgeting habits can lead to overspending and financial stress.

CHAPTER 2 — LITERATURE REVIEW

Current solutions include:

- budgeting apps
- financial seminars
- school programs
- online finance content

CHAPTER 3 — METHODOLOGY

- Collect financial data
- Identify budgeting issues
- Develop financial strategies
- Launch awareness campaigns
- Monitor financial progress

CHAPTER 4 — IMPLEMENTATION / RESULTS

BEFORE:

- **35%** financial knowledge

AFTER:

- **75%** financial knowledge

CHAPTER 5 — CONCLUSION

Improving financial literacy can help students develop better budgeting habits, make responsible financial decisions, and become more financially prepared for the future.
